Your Business is Unique.

We can customize our broadband services to fit the needs of your business.

EPlus Broadband Services

Cable TV

Whether it's for a lobby, breakroom, restaurant, dining space or fitness area, our video services offer your guests the ultimate entertainment experience including local programming from right here in Jackson, TN.

Pricing is based on the channel packages you need and the number of outlets needed at your facility. Pay-Per-View Sports and Events are available at select times and pricing is based on occupancy.

Internet

Our 100% fiber optic network allows us to provide the fastest Internet speeds. This reliable network includes equally fast upstream and downstream speeds.

Standard 65 Mbps speed is now upgraded to 250 Mbps! We also offer Gigabit speeds.

Business Lines

From all-inclusive telephone services to PRI, you can call on us! Pricing is based on features, calling plans, and the number of users needed.

Hosted PBX

This cloud-based phone system delivers all the functionality of a traditional phone system with powerful features that let you manage your phone system from anywhere. It even works with your mobile devices!

Pricing is based on core functions with additional portals and web user interfaces.
